

Free Landscape Workshops

The Olivenhain Municipal Water District, the San Dieguito Water District and the Santa Fe Irrigation District are sponsoring landscape workshops free of charge for their customers. Workshops will be held at the Rancho Santa Fe Garden Club.

Residential Landscape Design provides a general overview of how a landscape architect approaches a design for a homeowner. Themes to be covered include "Landscape as part of your living space," "How to develop a landscape plan," & "Plant selection." The workshop will give participants a workbook to organize their thoughts, and resources to develop a landscape plan that works best for them. Landscape plans and photos will be shown.

Thursday, 10/18 from 9:00 AM to 12:30 PM

Ornamental Plant Identification covers common water-efficient plants that work well for homeowners. California friendly plants are beautiful, water-saving & many are fire-resistant. Brochures will be available that include photos, descriptions & useful information.

Thursday, 10/25 from 9:00 AM to 12:30 PM

Home Sprinkler Systems looks at major design and maintenance principles of both overhead sprinklers and drip irrigation. Discover the right system for your home.

Thursday, 11/1 from 9:00 AM to 12:30 PM

Maintenance & Fertilizing covers topics such as; "How long should I run my sprinklers," "How does soil affect plant growth and watering," "Irrigation control clock programming," and "Fertilizers." Participants will learn how to conduct a system test on lawn areas that will produce an estimated watering schedule.

Thursday, 11/08 from 8:30 AM to 11:30 AM

Workshops are taught by a professional landscaping consultant hired by our water wholesaler, the Metropolitan Water District of Southern California. **At least 25 attendees must be signed up by the Monday before the workshop in order for it to be held.** Light refreshments will be served. *Bring a friend and all your landscaping questions.*
